

**Team:** Team 6

**Inject Number:** 12

**Inject Duration:** 30 Minutes

**Inject Start Date/Time:** Sat, 16 Nov 2019 16:03:25 +0000

**From:** Sec Ops

**To:** Network Team

**Subject:** 06-Implement Denial of Service Protection Policies

The CEO read a report in Network World about how hackers often use DoS Attacks against major businesses.

Be sure your Palo Alto Firewall is configured with a defining DoS Protection Policy together with defining zone protection on the EXTERNAL zone.

Your deliverable is a report to the IT Director on how you accomplished this, with screen shots showing the policy and the zone protection dialogue box.

Thank you.
