

**Team:** Team 6

**Inject Number:** 20

**Inject Duration:** 60 Minutes

**Inject Start Date/Time:** Sat, 16 Nov 2019 18:30:29 +0000

**From:** Internal Audit Mgr

**To:** Infrastructure Support Group

**Subject:** 10-Verify Perimeter

Using the Windows-10 machine outside the FW and a port scanning tool: scan the external interface of your address space to inventory:

- 1.) The responding servers
- 2.) The services offered on each server

Respond with a business-quality memo with this information listed in tabular form. Include, as an appendix, the screen shots of the tool discovering this information.

Thank you.
