To: Blue Teams

Subject: Cyber Lab Access

The Cyber Stadium competition environment is located at,

https://ccdc.cit.morainevalley.edu

Accounts are,

v{team#}u1, v{team#}u2, ...v{team#}u8

So for team 1,

v1u1, v1u2,..., v1u8

The initial password to the Cyber Stadium for your team is,

5bUPBgaE

Each team should begin logging into their environment using provided information. You will need to change your password on initial access to the stadium. Please remember your password!

You can request scrub/snapshot devices, returning them to the original state, should the need arise via the tech support inject. The White Team may penalize teams for doing so, however.

The Windows 10 Workstation VM may be used to view services outside the firewall in order to help determine why a service may not score properly. Inquiries to the scoring manager are permitted. Use the inject for Scoring Questions to submit questions about scoring. Response is at the discretion of the scoring manager who will usually offer guidance. Responses from the scoring manager will be by notification on this system.

A note about NETLAB use that will help performance
- Don&amp;amp;amp;amp;amp;amp;amp;amp;amp;amp;#039;t leave the NETLAB session on the topology tab; navigate back to the home NETLAB page while working in a VM.
- Close unused VM sessions and otherwise minimize the number of open sessions

In the event technical issues are not addressed in a timely manner or persist, call me directly.
